

Electronic Cigarette User Guide

CHARGE:

1

Before first use, charge the device as per Safety Warnings and Instructions.

2

WHITE charging symbol blinks during charging.

3

When your device is fully charged (100%), the WHITE charging symbol stays ON for 10 sec, then the Screen will turn OFF.

CHARGING REQUIRED:

- When you try to take a puff, and the Screen blinks 3 times, your device is out of charge. Recharge as per Safety Warnings and Instructions to continue using.

HOW TO USE:

- Remove the Top Cap before use.
- When you take a puff, the Screen turns ON and displays battery and liquid levels. The Screen will turn OFF after 8 sec when device is not used.
- For an optimal sensorial experience, it is

recommended to use this product within 45 days of opening the sealed pouch. Charge your device regularly until you completely use the product.

LIQUID LEVEL INDICATOR:

- As you use the device, the coloured levels of the indicator will disappear as the liquid depletes.
- When only RED level remains, your device is nearly empty. Consider buying a new device.

OUT OF LIQUID:

- When the RED level disappears, your device is empty. If you try to take a puff, the Screen blinks 10 times. Your device is fully used. Return your device for recycling, or dispose in

accordance with Safety Warnings and Instructions. Visit veev-vape.com for further details.

ERROR:

- If your device does not work or does not charge, it may be outside the operating temperature range. Refer to the Safety Warnings and Instructions for details.
- If the Screen blinks 5 times, your device may have malfunctioned. If the issue persists, visit veev-vape.com for support.
- If the device does not charge it may be that Power Adaptor or Charging Cable are not compatible. Refer to the Safety Warnings and Instructions for details.

This is the safety alert symbol. It is used to alert you to potential physical injury hazards.

SAFETY WARNINGS AND INSTRUCTIONS

**PLEASE READ ALL
SAFETY WARNINGS AND
INSTRUCTIONS BEFORE
USE TO AVOID INJURY.**

These safety warnings and instructions cannot cover all possible conditions that could occur, and users should exercise care and caution.

KEEP THESE SAFETY WARN-

INGS AND INSTRUCTIONS FOR FUTURE REFERENCE AS THEY CONTAIN IMPORTANT INFORMATION.

These Safety Warnings and Instructions are applicable to VEEV NOW™.

See www.veev-vape.com for any updates to these Safety Warnings and Instructions.

INTENDED USERS

- VEEV NOW™ is for adult-use only. Children and adolescents should never use VEEV NOW™.
- VEEV NOW™ is for adults who would otherwise continue to smoke or use other

nicotine products.

- This product should not be used by persons with reduced physical, sensory or mental capabilities or lack of knowledge unless they have been given supervision or instruction to use the product in a safe way and understand the hazards involved.

NICOTINE

- VEEV NOW™ provides nicotine, which is addictive.
- VEEV NOW™ is not risk-free. The best way to reduce nicotine-related health risks is to quit nicotine use altogether.
- Some users may experience side effects including: abdominal pain, cough, dizziness, dry mouth, headache, malaise, nasal stuffiness, nausea, mouth irritation, throat irritation, vomiting.
- Nicotine-containing products should not be used by people who have

or are at risk of heart diseases, are diabetic, are epileptic, or are experiencing seizures.

- Nicotine-containing products should not be used during pregnancy or while breast-feeding. If you are pregnant, breast-feeding or think you may be pregnant, you should quit nicotine use altogether.
- Stopping smoking or switching to VEEV NOW™ or other nicotine-containing products may require the adjustment of the dosing of certain medicines (e.g., theophylline, clozapine, ropinirole).
- If you have questions about whether you should use VEEV NOW™ given an existing health condition, you should consult a health care professional.

IMPORTANT SAFETY INFORMATION:

CHOKING AND INGESTION HAZARD

- Keep VEEV NOW™ out of reach of children and pets at all times.
- **CHOKING HAZARD** – VEEV NOW™ and its accessories contain small parts.
- **INGESTION HAZARD** – If e-liquid is ingested, rinse mouth and seek medical attention immediately due to risk of nicotine intoxication.

ELECTRICAL HAZARDS

Failure to follow these Safety Warnings and Instructions could result in fire, explosion, electric shock, injury, or damage to the product or other property:

- Do not use VEEV NOW™ where the use of electronic devices is prohibited.
- Do not charge or use VEEV NOW™ or its accessories if damaged, tampered with or broken.
- Do not use VEEV NOW™ if the battery appears to be leaking.
- Only charge VEEV NOW™ indoors, as indicated by symbol  using Safety Extra Low Voltage with a 5A; 2A output.
- Use a certified Power Adaptor and Charging Cable that are either supplied in the box or from a reputable source. Refer to the 'Technical Data' section for Charging Cable and Power Adaptor compatibility details.
- Do not use, charge, or store VEEV NOW™ in places with high temperatures (such as inside a car in summer, or near heat sources such as radiators or fireplaces).
- Do not use VEEV NOW™ where flammable materials, liquids and gases are present.
- VEEV NOW™ and its accessories should not be exposed to any liquid. Do not touch them if they become wet or have been immersed in any liquid.
- Do not clean the device with any cleaning agent.
- Clean the USB charging port of VEEV NOW™ periodically to avoid accumulation of foreign matters (such as dust particles) and inspect USB port for foreign materials before using USB connector.
- Handle with care. Do not drop VEEV NOW™ or subject it to strong shock.
- This product contains no user-serviceable parts. Do not attempt to open, modify, service, disassemble or repair any component of VEEV NOW™ or to replace any

of the components or batteries.

- Do not use this product if it has been exposed to excessive cold, heat, or moisture.
- Do not touch VEEV NOW™ or its accessories if they overheat, spark, fume, ignite, or burn. If applicable and possible, use caution to shut off or disconnect power supply.
- Never dispose of VEEV NOW™ and its accessories with other household waste.

BATTERY RISKS

VEEV NOW™ is powered with sealed Lithium-ion (Li-ion) batteries. If you notice that battery fluid leaks, follow these precautions:

- If fluid from leaked battery is swallowed, seek medical attention immediately. Do not induce vomiting or ingest food or drink.

- If vapor from leaked battery is inhaled, get fresh air and seek medical attention as needed.
- If fluid from battery comes in contact with skin, wash the affected area, including hands and do not touch eyes.
- If fluid from leaked battery comes in contact with eyes, immediately flush with clean running water for at least 15 minutes and seek medical attention immediately.

IRRITATION RISKS

Avoid e-liquid contact with skin and eyes. In the event of:

- Skin contact: wash immediately with soap and water.
- Eye contact: rinse carefully with water for several minutes.
- Contaminated clothing: wash before reuse.

ALLERGIC REACTION RISKS

- Using VEEV NOW™ could cause an allergic reaction, such as swelling of the face, lips, tongue, gums, throat, or body, difficulty breathing, or wheezing.
- Stop using VEEV NOW™ and seek medical attention immediately if you experience any of the symptoms above as they may indicate a serious allergic reaction.

USAGE AND STORAGE

- Store in a place inaccessible to children.
- Store in a dry and clean place at room temperature.
- VEEV NOW™ is single use only and should never be re-used.
- Do not modify or attempt to refill VEEV NOW™ in any way or add any substance to VEEV NOW™. Doing so may

cause injury.

- Use this product promptly once purchased.
- For an optimal sensorial experience, it is recommended to use this product within 45 days of opening the sealed pouch. Charge device regularly until completely used.
- Operate VEEV NOW™ in temperatures between $>0^{\circ}\text{C}/<40^{\circ}\text{C}$.
- Droplets or traces of liquid may appear during usage, storage, or unpacking of VEEV NOW™. Should you see droplets or traces of liquid on VEEV NOW™, without signs of leakage, carefully and thoroughly wipe the residue before use with a dry cloth (including the mouthpiece). Do not use it if it is actively leaking, or if any droplets or traces of liquid reappear after cleaning.
- Due to risk of VEEV NOW™ leaking with

altitude changes, it is not recommended to fly with VEEV NOW™ that has been removed from packaging or has been partially used.

REPORTING OF ADVERSE EVENTS OR INCIDENTS

Valid across European Union and EEA:

- If you experience any unwanted health effect when using VEEV NOW™, consult a health care professional.
- You can report any adverse event or incident via www.veev-vape.com [or by contacting your local Customer Care]. By reporting side effects, you can help provide more information on the safety of this product.
- For more information, please go to www.veev-vape.com.

INFORMATION FOR DISPOSING OF VEEV NOW™

Valid across European Union and EEA

This symbol on the product or on its packaging indicates that this product and its individual parts (including batteries) must not be disposed of with your other household waste. Instead, it is your

responsibility to dispose of your waste equipment by bringing it to a designated collection point for the recycling of waste electrical and electronic equipment. In addition, waste batteries can be returned free of charge at the point of sale. The separate collection and recycling of your waste equipment (including batteries) at the time of disposal will help to conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment. Disposing of waste equipment as unsorted municipal waste (e.g., by waste incineration or land filling) can have negative effects on the environment and human health. For more information about where you can drop off your waste equipment for recycling, please contact your local city office, your local household waste disposal service or the shop where you purchased the

product. The local importer of the product will provide for the financing of the treatment and recycling of waste equipment returned through these designated collection points in accordance with local requirements.

BATTERY REMOVAL INSTRUCTIONS (FOR DISPOSAL AND RECYCLING)

Batteries must not be removed by the consumer. At end of product life, only an authorized recycler may safely remove batteries by following the steps below.

VEEV NOW™ Model M0038

1. Use a screwdriver to take out the device display lens.
2. Use the pliers to pull the mouthpiece out of the device.
3. Push the bracket assembly out of the device until the battery appears.
4. Cut the battery tabs with ceramic scissors or insulated tools and take out the battery by lifting it up.
